

Farewell to Islanders...

It's been a slice, but due to other opportunities,
I have decided to close February 15, 2009.

However, that doesn't mean you don't get to taste my cooking anymore.
I'm taking over the kitchen at Port Browning Marina Resort!

Port Browning is going through some exciting changes
and renovations. I'm excited to be a part of it.
We'll still be offering the old Browning favourites,
and I am bringing some new ideas with me.

Starting March 15, 2009,
please join us at the pub or cafe.

We want to make it a destination for the best
gastro pub throughout the Gulf Islands.

Thanks for all of your support over the years... Georgina
